The returns of the election.

are yet without a close, and we are waiting for the official count of the county vote.

It is quite clear that Judge Muir is re-elected—having no opposition. Judge Johnson is re-elected.

Jack Conn, candidate for County Clerk, outran himself, and all things considered, made the best race on the ticket. Harry Stacky, recently Auditor of the City, has been elected Chancery Clerk. Phil Thompson, Jr., is returned Clerk of the City Court. Wm. H. Waite is State and County Assessor.

The contest for Marshal of Chancery Court is very close between Col. Dent and Thomas A. Morgan, with the chances favoring Morgan's election.

For Jailer a number of candidates started, but the contest was between Wm. K. Thomas and Edward A. Buckner. Mr. Thomas is elected by a majority of two hundred or more.

James Gill is elected Coroner by an overwhelming vote.

The defeated candidates, who propose visiting the head-waters of Salt River, will be pleased to learn that J. A. Gallbreath, recent candidate for Assessor, who made the canvass on foot, has gone across the country to that celebrated river, and will make things ready for the reception of his brothers in affliction. He is a jolly, good fellow, and will see that they are as comfortable as possible under the circumstances.

POLICE PROCEEDINGS—Tuesday, Aug. 5. Perry Weatherford, stealing a watch; continued until to-morrow.

Jas. Maloney, drunkenness; bail in \$100 for two months—workhouse.

Jas. Green, drunkenness; bail \$100 for two months—workhouse.

CUTTING APPRAISAL—On Saturday night two negro men, named Jones and Dickinson, got into a difficulty on Walnut street, where the former cut the latter across the left breast, and also across the back. Dickinson is dangerously cut. Officer Junot succeeded in capturing Jones yesterday morning and putting him in jail.

The following persons were released from the military prison yesterday: L. E. Francis, oath and bonds \$1,000; Squire Turner, paroled; J. B. Gray, unconditional; A. G. Chinn, unconditional; John England, oath and bonds \$3,000; W. S. Sutton, oath and bonds \$5,000.

The three ladies who were arrested at Harrodsburg, Ky., and brought to this city a day or two since, were on a visit to the latter place, and we learn, are residents of Nashville, Tenn. They are being kindly cared for by the military authorities at the Croghan House.

A collision occurred on the Lexington railroad Monday, between the freight and passenger trains, by which accident the passenger train was delayed some time. It arrived at 10 o'clock.

General Howell, we learn, has countermanded the order, which stated the Male High School would be used as a military prison. They have not made a selection yet, as to where it would be.

The following persons were put in the military prison yesterday: J. B. Gray, A. G. Chinn, Alf. Orr, Stephen Brown, Felix Melborne, Peter Wilson, Josiah Ramsey, and Aaron Vannelder.

Mosquitoes are slow in presenting their bills this season; we are glad of it, though, we can't tell when they may draw on us—hope they can't get through the times.

Our city was visited with a delightful rain yesterday morning. We needed a "copious supply" of it, but are content with what we got.

PERSONAL—Lieut. Col. Bart. O. Leiper arrived from Cincinnati Monday night. He will rejoin his regiment in a day or two.

The Rev. Mr. Hoyt is not in the penitentiary, as we stated yesterday morning.

Drafting.

We published yesterday morning the order from the War Department for a draft of 300,000 men, for the purpose of raising the 300,000 volunteers lately called out, as may exist on the 15th of the present month. From the terms of this order, it will be apparent that the Government is going to work in real and true earnest, and intends not only to crush this rebellion, but to be prepared for any attempt at interference by any and all foreign powers. We are glad the administration has shown such an earnest spirit, and will add that if the militia draft had been for half a million it would have done no harm. Kentucky will not be ready to draft by the 15th of August, but as soon as possible after the Legislature meets the work will begin. To those who wish to escape the draft and take advantage of the bounty, let us say, make haste for the Government will pay no bounty to men volunteering after the 15th. There are abundant opportunities at present for volunteering. If you prefer cavalry, enter Col. Jacob's regiment; Capt. Ben. M. Harney's company is filling up pretty rapidly, and we have no doubt other companies are doing as well. If you prefer infantry, join Col. Woodruff's, 29th Kentucky. Take time by the forelock and enlist before the draft comes.

A LIE.

The story sent by telegraph that Gov. Sprague, of R. I., promised to raise a regiment of negroes, is without doubt, an Abolition lie. Gov. Sprague has been too much with President Lincoln not to know that such a policy is not to be countenanced by the Government. Besides, Gov. Sprague has been and we presume is still, a Douglas Democrat, and as all the world knows, the Douglas Democrats are too well acquainted with the negro to be so easily deceived.

Such respect for white men to permit, much less advise such a movement. In this connection, we call attention, especially of secessionists, to the special dispatch from Washington to the Cincinnati Gazette, which we publish elsewhere.

The theater, as usual, had a very good audience last night. Mr. Drew is a trump—a fine comedian. Mrs. Henri is a comedienne, has a sweet voice, and sings most charmingly. As for Craig, he is good. Miss Kate Foster made herself at home. To-night a rich bill is offered, which for fun cannot be surpassed. Rip Van Winkle, or a Legend of the Catskills, in which Mr. Drew will personate Rip Van Winkle, a Dutchman. Mrs. Henri will appear as Alice, with the song, "My home, my happy home." The afterpiece will conclude with the laughable equestrian drama of Maseppa. Go to-night if you wish to see "Gideon's Band"; they will be there sure.

Terrible Accident.

—Yesterday afternoon, says the Cincinnati Commercial of yesterday, about 2 o'clock, at the residence of Mr. Henry Hamant, on the Independence Pike, near the corporation line, a lad named Henry Coffey, shot and instantly killed an interesting little girl named Catharine Schwarz, in the following manner: The youngster was handling an old-fashioned United States market which had been lying about the house for sometime, and not knowing that it was loaded, playfully pointed it at the girl, telling her he was going to shoot her. She attempted to run away, but the gun was discharged before she had taken many steps, the ball entering near the left ear, causing instant death.

THE CONCERT.—Our readers will scarcely forget the concert to be given by Miss De Roodt, to-morrow night, at Masonic Temple. We understand that although there are no reserved seats, yet the desire to hear the talented sisters is so great quite a number of tickets have already been sold. There can be no doubt, from present appearances that the house will be full. Who misses this entertainment misses a treat he may not soon again have the opportunity of enjoying.

On the 4th of July, says the Memphis Union Appeal, the stars and stripes waved in every State of the Union. Here, too, since we rebelled, the "sacred soil" of Texas has not been visited by an emblem of freedom, but on the 4th of July a party of men from the steamer Rhode Island landed at Galveston and raised the old flag. They were subsequently driven off, but they had accomplished their purpose and were satisfied.

At the election in Kenton county on Monday, Joseph Doniphan received a large majority for Circuit Judge. R. B. Carpenter Commonwealth's Attorney, L. F. Shaw, Judge of the County Court, S. H. Cameron County Attorney, B. W. Foley Clerk of the Circuit Court, James Ayers Clerk County Court, and H. F. Bowen Sheriff.

The Cincinnati Commercial learns from a private letter to that city from Russellville, that the telegraph operator at that point, took part in the fight, and was one of the men who shot Captain Morrow. Immediately after the fight the operator destroyed the telegraph instrument, so that Bowlinggreen could not be telegraphed to for soldiers.

PATRIOT ACCIDENT.—Mr. Ralston Craig, a conductor on the P. & W. & C. R. R., was accidentally killed on the first instant, near Fort Wayne, whilst engaged in coupling cars at the Gravel Pit. He served his country faithfully in the three months' service in an Ohio regiment, and was about going again at this time, when his untimely fate stopped short his intention.

SUICIDE.—Mr. John F. Tucker, of Tipton township, Cass county, Indiana, committed suicide by hanging himself with a saddle-girth last week. He was out riding when he committed the act. The deceased was a good citizen, a member of the United Brethren Church, and there is no reason publicly known for the commission of the act, unless he was insane.

We were mistaken in saying last evening that a collision occurred on the Louisville and Frankfort Railroad. An accident occurred, only, no one hurt. There is not a better regulated railroad in the West than this one has been and is still.

PATRIOTIC LIBERALITY.—Union county, Ind., the smallest county in the State, is paying an extra bounty of fifty dollars to every citizen of that county who volunteers in the new regiments.

Hot Hot!—Yesterday was without doubt the hottest day of the season as we were told last evening by a man direct from Alabama, it was hotter here than "down in Alabama."

Thanks to Messrs. Gossell & Scott for a supply of fine lake ice.

A CHANGE.—About 9 o'clock last night a strong and cold wind, accompanied with thunder, lightning and rain, came down upon us from the Northwest, cooling the atmosphere very suddenly, but doing no damage.

The congregation of the Unitarian Church will see notice in another column, of a meeting in the vestry this evening. It is desired that all will attend punctually at the hour.

We call the attention of parents to the notice of Miss Bliss in another column, announcing that she will resume her school on Breckinridge street, on the first of September.

At the election, on Monday, C. A. Bristow, was elected Mayor of Covington, and B. M. McCracken, Mayor of Newport.

The Law Under Which the President Has Called for the Draft of 300,000 Men.—The United States Military Law.

AN ACT to amend the act calling forth the militia to execute the laws of the United States, suppress insurrections, and repel invasions, approved February twenty-first, eighteen hundred and sixty-two, and to amend the act supplementary thereto, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That whenever the President of the United States shall call forth the militia of the States, to be employed in the service of the United States, he may specify in his call the period for which such service will be required, not exceeding nine months; and the militia so called shall be mustered in and continue to serve for and during the term so specified, unless sooner discharged by command of the President. If by reason of defects in existing laws, or in the execution of them, in the several States, or any of them, it shall be found necessary to provide for or to amend the laws of the States, he shall be authorized in such cases to make all necessary rules and regulations; and the militia so called shall be mustered in and continue to serve for and during the term so specified, unless sooner discharged by command of the President.

We take pleasure in calling the attention of the public to the Wheeler & Wilson Sewing Machine, so long and favorably known in this country. Of its peculiar merits we have no desire to multiply words, and will append the opinion of one of our most noted and popular citizens, Hon. C. A. Wickliffe:

"Messrs. Sumner & Co.: I purchased one of your Wheeler & Wilson Sewing Machines about a year ago—it has given me entire satisfaction. The amount of work which can be performed is very great, and it is a great labor-saving machine. I regard it as a valuable improvement and invention. I prefer the machine to any I have seen, on account of its quietness, simplicity, speed and durability, and I do most sincerely recommend it to others."

TAKES AND TARIFFS.

Already the commercial and mercantile community are cyphering out the probable and possible effects of the new taxes and tariffs on their various interests. Manufacturers are soon obliged to add the amount of their taxes to the cost of their goods, and the consumer pays the cost of imported goods. Green & Green are happy to announce that they have a very large stock of well assorted hats, caps and straw goods, bought before the application of the new duties, and for cash. They will not be obliged to raise prices.

The Grover & Baker Sewing Machine Company now offer a complete assortment of Grover & Baker Sewing Machines, at No. 5 Masonic Temple, on Fourth Street, between Jefferson and Green, where customers can examine, prove and choose between the rival styles, with the privilege of exchanging. No other establishment offers these inducements.
